# Weston Grove Road

“Very narrow path and bushes are always over hanging which means you have to walk in the road with pushchair and definitely not enough space for wheelchair users.”

## Most frequently used words

61

## 'agreement' pins were placed on comments on Weston Grove Road

**“ The traffic is so fast down Weston Grove Road. Particularly the end near Victoria Road. We need to make the road a 20 all the way up to Archery Park. We need speed signs, speed bumps and better control of the traffic. ”**

'agreement' pins were placed on comments on Swift Road

“ Cars park [...] right on the corner of the junction of Swift Road/St Anne's Road which forces vehicles into the middle of the road, facing oncoming traffic. ”

#### How Swift Road makes you feel

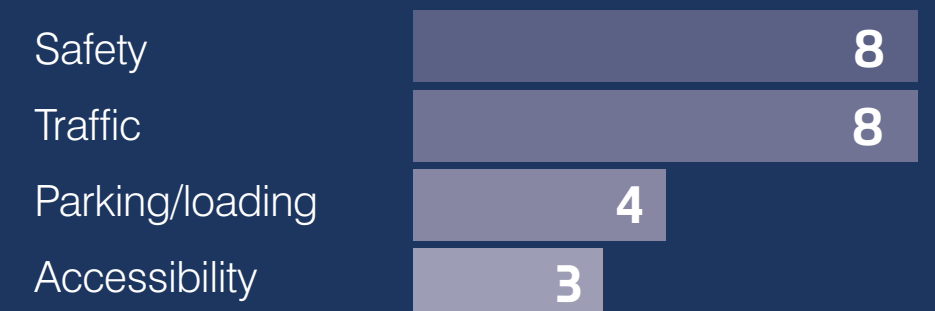

#### Relationship with area

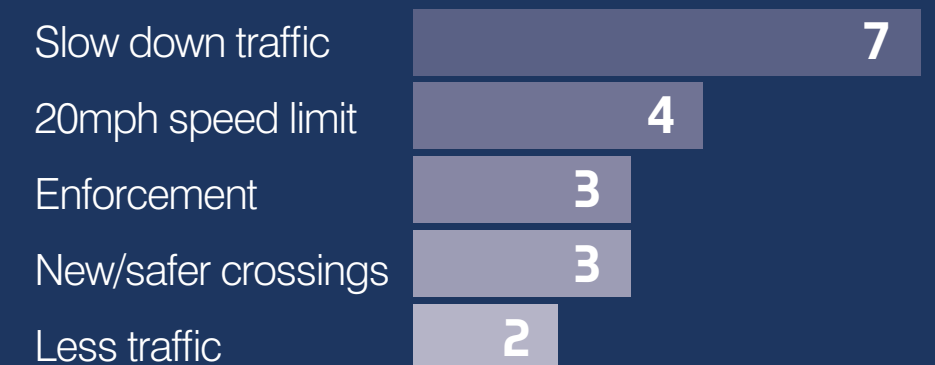

“ You need to cross the roads to get to the park, for children (and adults) this is dangerous. One side of Swift Road is full of parked cars and the road is used as a rat run and cars go too fast. ”

### Victoria Road

“ Pavements almost always blocked by anti-socially parked cars. ”

#### Most frequently used words

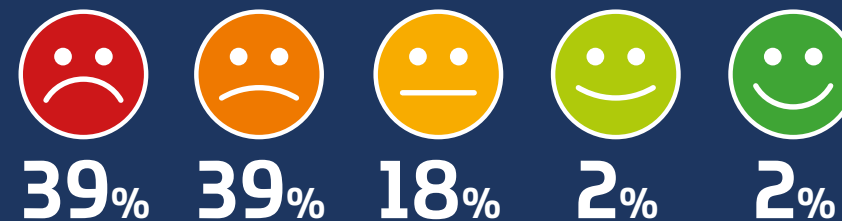

126

‘agreement’ pins were placed on comments on Victoria Road

“ It would be nice to pedestrianise Victoria Road and perhaps entice various trades-people, maybe encouraging more life at the library end, particularly with all the new apartment buildings in that area. ”

#### How Victoria Road makes you feel

#### Relationship with area

“ Victoria road used to be a lovely quiet road... since the redevelopments there is less parking, more through traffic, speeding as it's still a 30mph zone. It feels very isolated here despite being close to the high street. ”

### Archery Road

“ The traffic give way that has been implemented along Weston Shore road and Obelisk Road would be of benefit along Archery Road. ”

#### Most frequently used words

37

‘agreement’ pins were placed on comments on Archery Road

“ The parking is virtually unused except by overnight camper vans. You could widen the pavements, put in a segregated cycle route on both sides, include built out bus stops and still have room to get a bus through (literally). ”
