

## **The City of Southampton (Golden Grove) (Amendment 1) Order 2022**

### **Statement of Reasons**

This Order is being proposed for the following reasons:

- For preserving or improving the amenities of the area through which the road runs

The residents parking zone was introduced in 2020 to extend the available parking for residents and to facilitate its use by residents on a shared basis.

Properties 19 - 28 Coleman Street are excluded from permit entitlement, on the basis they have garages. However the residents argue these garages are not suitable parking options for modern vehicles.

The Council note this is still a parking option, not available to other members in permit parking zone 17.

As a compromise, the Council are proposing to remove a section of off-street parking adjacent to the garage forecourt from the permit parking zone, designating this section of forecourt back to Housing and the residents to manage.

In authorising the advertisement of these proposals the Council has given consideration to its duty under s.122 of the Road Traffic Regulation Act 1984 to secure the expeditious, convenient and safe movement of vehicular and other traffic (including pedestrians) and the provision of suitable and adequate parking facilities on and off the highway (while having regard to the matters specified in s.122 subsection (2) of that Act).
