

Northern Ring Road
Recent upgrades of Grosvenor Square and Charlotte Place junctions with new traffic signals to reduce congestion, with the remaining four junctions to be similarly upgraded. Devonshire Road will be closed with a pocket park created.

Works due to start January 2024

East Park Terrace
Making East Park Terrace bus, taxi and cycles only. Better walking connectivity between East Park and Solent University.

Works due to start Autumn 2023

Central Station
Creating an arrival point to the City Centre and an improved interchange with buses, taxis and dropping people off. Enhancing the passenger waiting areas with new shelters.

Works started February 2023

Civic Centre Junction
Making changes to the junction to improve the crossings for people walking. New facilities for cycling and new traffic signals to reduce congestion and provide bus priority through the junction.

Works due to start Autumn 2024

New Road Bus Lane extensions
Modifications to the existing Bus Lanes along New Road. Making an upgrade to the junction with East Park Terrace with new facilities for walking and cycling

Works due to start Autumn 2023

Albion Place and Urban Park
Creating a new Bus Hub and green park for the City Centre. The Hub will have new shelters, seating, travel information and will enhance the setting of the importance of the old town walls and towers.

Works due to start Autumn 2023

Portland Terrace Bus Gate
Making Portland Terrace bus, taxi and cycles only between Spa Road and Shopmobility to improve bus journey times in the City Centre.

Works due to start Autumn 2023
