

**The City of Southampton
(Vincent's Walk Service Road) (Loading Area) Order 2024**

Statement of Reasons

This Order is being proposed for the following reasons:

- For avoiding danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising (*i.e. to improve safety*)
- For facilitating the passage on the road or any other road of any class of traffic (including pedestrians)
- For preserving or improving the amenities of the area through which the road runs

These proposals are intended to support and facilitate the use of the Vincents Walk Service Road (non-highway extent) for loading and unloading activities by the nearby businesses and to prevent unauthorised parking which prevents or inhibits legitimate loading activities.

In authorising the advertisement of these proposals, the Council has given consideration to its duty under s122 of the Road Traffic Regulation Act 1984 to secure the expeditious, convenient and safe movement of vehicular and other traffic (including pedestrians) and the provision of suitable and adequate parking facilities on and off the highway (while having regard to the matters specified in s122 subsection (2) of that Act).
