

# Itchen Bridge Maintenance Project

**Balfour Beatty**

Working in partnership

Balfour Beatty is working in partnership with Southampton City Council to manage the highways service across Southampton.

Starting on Monday 11th August 2025, we will be undertaking works to refurbish the Itchen Bridge. These improvements will help increase the lifespan of this 48-year-old structure, an arterial route within the city. The works will include:

- upgrading the drainage
- renewing the bridge joints
- resurfacing the carriageway
- installing a new waterproofing layer

To minimise the impact of the works whilst providing a safe and efficient working area, the Itchen Bridge will have a new temporary 20mph speed limit, temporary traffic lights during the day and to close to vehicles overnight from 8pm - 6am. Pedestrian access will be maintained at all times.

There will be some nights that the bridge will be open, to view the closure schedules, and frequently asked questions page or to sign up for regular project updates straight to your inbox please visit <https://soton.cc/IBMP> or scan the QR Code below.

For up to the minute travel information in the city and updates on this scheme, follow us on [Bluesky @scchighways.bsky.social](#). For any other enquiries, please email [roadworks@southampton.gov.uk](mailto:roadworks@southampton.gov.uk)
