12 January 2026

Dear Occupier

Fritham Road – Footway Resurfacing

Balfour Beatty is working in partnership with Southampton City Council to manage the highways service across Southampton. As part of this, we are undertaking footway resurfacing on Fritham Road, as part of our annual road maintenance programme.

These works are planned to start on Monday 26 January 2026 and there will be a footway and road closure in place for 10 days, this will be starting at the junction of Minstead Avenue and moving up Fritham Road up to the junction of Chawton Close, and for our final phase of closures we will be working outside number 51 - 53 Fritham Road.

Working hours will be between 8:00am – 5:00pm. The restrictions will be in place only during working hours.

Please be aware that the dates in this letter are subject to changes, dependant on favourable weather conditions. In the event that works are delayed or ahead of schedule, we will alert you of any changes to the construction dates using yellow 'advance warning' signs in the area.

Alternatively, you can keep up to date with the latest works happening on your road by scanning the QR code on the left or via: transport.southampton.gov.uk/network-repairs/road-repairs/

Prior to the start of the works, we will reserve the works area using 'no-waiting' cones; please do not park where you see these cones as we may need to remove vehicles which block access to our works.

Please note, to minimise disruption to residents we are not intending to work at weekends; however should we experience any delays then it may be necessary to work on Saturdays.

We would like to assure you that we will facilitate refuse collection during this time, however if you do experience any changes to your access needs or are expecting any large deliveries, please speak to the team once they arrive on site and they will do their best to accommodate you.

Properties close to the carriageway may experience a temporary disturbance such as flashing lights and reversing sirens as this can be a noisy process. We would like to take this opportunity to apologise in advance for any inconvenience or disruption this work may cause.
