

**THE CITY OF SOUTHAMPTON  
(VARIOUS ROADS) (STATIC RESTRICTIONS) (WEST) (AMENDMENT 8) ORDER 2026**

**Statement of Reasons**

This Order is being proposed for the following reasons:

- For facilitating the passage on the road or any other road of any class of traffic
- For avoiding danger to persons or other traffic using the road or any other road for preventing the likelihood of any such danger arising

The Fire Station in Redbridge Hill Southampton is located within the Millbrook housing estate with the surrounding area predominately residential.

A planning application was submitted to redevelop the site, improving the facilities and to support the emergency service units on site.

As part of the development, there are changes to the site accesses along Walnut Grove.

Given the sites proximity to residential properties and the sites functions, no waiting at any time is proposed to keep these accesses clear.

In authorising the advertisement of these proposals the Council has given consideration to its duty under s122 of the Road Traffic Regulation Act 1984 to secure the expeditious, convenient and safe movement of vehicular and other traffic (including pedestrians) and the provision of suitable and adequate parking facilities on and off the highway (while having regard to the matters specified in s122 subsection (2) of that Act).
